Dear Parents & Carers,

We welcomed Jess Rowe into school this week who set four Guinness World Records when she and her rowing partner crossed the Pacific Ocean in 165 days earlier this year. Listening to her recount her favourite moments, share clips of her voyage and the challenges she faced was incredibly inspiring.

Our Year Six children took to the water for their first of two sailing sessions in Salcombe. We are really grateful to The Wind Project for providing this experience.

I am delighted to be able to share that the pool will begin to reopen next week with one swimming session for each class for the next two weeks. From the week of the **18th May** the children will all have two timetabled sessions each week. Please make sure children have **swimming kits** in school on the following days for the **next two weeks**:

- Class 1 – Thursday**
- Class 2 – Tuesday**
- Class 3 – Friday**
- Class 4 – Friday**

All children will also have their normal PE lesson on Tuesday this week (for Class 2 this means they will have PE and swim on the same day). I wish you all a lovely long weekend and look forward to seeing the children back in school on Tuesday.

Mrs Pearson

CLASS 1 – MONDAY FOREST SCHOOL PE TUESDAY & FRIDAY

This week Class 1 have been independent with their learning accessing the provision in the classroom, focused on Jack and The Beanstalk. The children have independently acted out the story using small world characters, written the story and created drawings. Some have also built the Giant's castle outside!

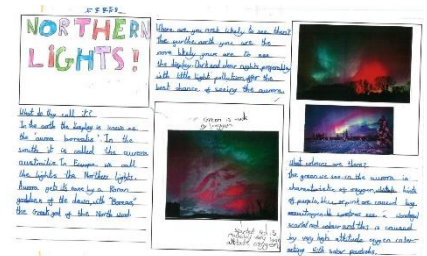

CLASS 2 – PE TUESDAY & FRIDAY

Class 2 have started a new topic in art, exploring the work of artist Chris Kenny, who creates pieces using found materials. Inspired by his approach, the children designed and made their own sculptures. They used a seed as a starting point and created imaginative roots and shoots growing from it. Year 2 have been learning about 3D shapes. As part of this, they practised constructing their own cubes, helping them to understand the properties of these shapes in a hands-on way.

CLASS 3 – PE TUESDAY & WEDNESDAY

Class have been using base 10 equipment in maths to learn about column subtraction. In English we have made some super leaflets about natural phenomenon's and in PE we practised our athletics skills in running and relay.

CLASS 4 – MONDAY FOREST SCHOOL – YEAR 5 PE TUESDAY & FRIDAY

Children enjoyed re-creating a model of the circulatory system, using their bodies in the playground to represent how it works. They learned about how oxygenated and deoxygenated blood travels to the lungs, then to the heart and around the body.
